----------	--

The SimpoSign II sandwich board frame is attractive, durable, light weight, and inexpensive. Changeable sign faces slide into the frame making it easy to change the information in seconds. Blanks quickly slide in and out and stay securely in place. No bolt, latches, added parts or special treatment. Uses all sign blanks including coroplast and aluminum. Simply a great product for trade shows, conventions or for any other application where a change of information may be required. **ONE FRAME • MANY SIGNS**
